Dear Mr. ^{Ron} St. John:

The U.S. Environmental Protection Agency has completed its review of the draft FIT report entitled "Soil Sample Results for Chemical Contamination Below Sauget/Sauget Landfill in Sauget, Illinois." We have found the report to be technically and legally sound so there will be no need to revise the report.

I appreciate your efforts to complete the report according to schedule even though the field conditions were so severe. Thanks for a job well done.

Sincerely yours,

Michael C. O'Toole, P.E.
On-Scene Coordinator
